

EasySlide Disposable

EasySlide, disposable is a new, unbelievably versatile sliding mat that makes many common transfers, even heavy ones, easier for both the user and the caregiver. Easy-to-use and designed for turning and repositioning higher up in bed, for supine and seated transfers, and for repositioning in the seated position. It can also be used to lift the user's legs in and out of bed, to assist dressing and undressing, and to facilitate application of a lifting sling.

The disposable EasySlide is made from an environmentally friendly polyethylene which, when incinerated, gives off only carbon dioxide and water.

AVAILABLE SIZES:

200 x 70cm SLIDESHEET BOX 70	212042
120 x 70cm SLIDESHEET BOX 100	212043

EasySlide Disposable Sheets:
